THE STORY

UBI KEY

ABOUT THE UBI KEY

You will find a key hidden in one of the game's levels. Using the infrared connection on your Game Boy® Color, you can exchange this key with your friends, provided they too have UBI SOFT games using the UBI KEY system. With this key, you can access a secret level in your game on Game Boy® Color!

EXCLUSIVE!

In each UBI SOFT game for Game Boy® Color, there is a different UBI KEY: each one gives you the chance to test your newly acquired power on a secret level! To go even further in the adventure, you'll have to find other players with a UBI KEY! Here is list of UBI SOFT games on Game Boy® Color where you can find a UBI KEY: Rayman®, Suzuki Alstare Extreme Racing™, Toonsylvania™.

HOW DO I TRANSFER THE UBI KEY?

Once you find the key a brief explanation is displayed on-screen

1. Place two Game Boy® Colors a few inches apart with the infrared transmitters facing each another.
2. Press the A Button and keep it pressed to send the key.
3. The player who receives the key must have selected the UBI KEY option in the game's main menu. The player must keep the A Button pressed until the key is transferred. Once the transfer is complete, the player is automatically taken to a secret level in the game.
